# WHAT YOU NEED TO KNOW ABOUT EQUINE EMERGENCIES AND LAMENESS

**Friday, June 21 - 7:15-8:00 am at the Grandstand Ring**  
Open to All (no charge)

We are pleased to have Dr. Lindsay A. Neist, Virginia Equine Clinic, PLLC, speak to us regarding basic emergency needs and lamenesses. Dr. Neist will talk to us about the following on Friday morning:

- Crucial points to know in an equine emergency – knowing when to call the vet and what to do before they get there.
- Basic anatomy – key to understanding the most common causes of lameness in show hunters
- Know your horse's temperature, respiratory rate, pulse, and more

After graduation from Virginia Tech in 2010, Dr. Neist was selected for a prestigious internship in equine medicine, imaging, lameness, and surgery at Blue Ridge Equine Clinic in Earlysville, Virginia. Following her internship, she worked at Colonial Downs racetrack before starting her fulltime job at Virginia Equine where she still remains today.

Dr. Neist enjoys all aspects of equine medicine but throughout her years in practice she has developed a particular fondness for lameness, ultrasonography, and maintaining the equine athlete. To best serve her patients she felt it was necessary to expand from traditional medicine and offer both acupuncture and chiropractic care. She believes they are both very important in complimenting western medicine.

We look forward to having Dr. Neist with us and hope you will join us in the Grandstand for this informative talk.

Entry Fee \$75 **No entries will be accepted after 1:00 pm, Friday, June 21. The same horse must be used in all phases of the class.**

This trophy was presented to Mr. and Mrs. Lamont S. Bryan in 1962 by the Deep Run Juniors to be put into competition at the Deep Run Horse Show in any class of their choosing. Since good horsemanship should be of prime interest to all, the following test was designed to further that goal.

Open to all junior riders on horses competing at this show. To be shown over a course of jumps at either 3'3" or 3'6", rider choice/discretion.

**PHASE 1** Course consisting of a minimum of 8 obstacles over a hunter type course. Course should consist of: combination (including an oxer) and at least two changes of direction after the first obstacle.

At least two of the following: Roll back turn, bending line, narrow jump, fence at the end of the ring, long approach to the single jump. To be judged on seat, hands, guidance, and control of the horse. Using the numerical scoring format for phase 1 and phase 1 will consist of 50% of the overall placing.

**PHASE 2** After completion of the jumping phase a minimum of twelve (12) riders, if available, are required to show at a walk, trot and canter. Judges may call for more advanced flatwork from Test 1 – 16. The flat performance of those riders selected to show in the flat phase shall count 50%.

**PHASE 3** A minimum of 3 riders will be asked to exhibit any additional individual requirements of horsemanship the judges may deem necessary. This may include but not limited to Test 1 – 16.

This is a perpetual trophy. The name of the winner will be engraved thereon. Eight ribbons will be presented.
